

<b>Subject</b>	<b>I-680 HOV Lane Gap Closure – Restriping (Measure J Project 8002): Authorization to Execute Cooperative Agreement 90.11.15 with Caltrans</b>
<b>Summary of Issues</b>	<p>At its June 2008 meeting, the Authority approved Amendment No. 1 to the 2007 Measure J Strategic Plan which programmed \$3 million to I-680 SB Carpool Lane Extension (Restripe) from Livorna Road to 0.9 mile north of Livorna Road (Project 8002).</p> <p>Through restriping, the project will extend the HOV lane I-680 SB from Livorna Road to 0.9 mile north. The project will allow carpoolers to bypass currently congested mixed flow lanes. To minimize cost, construction will be completed as part of the I-680 Pavement Rehabilitation currently under design by Caltrans.</p> <p>To provide better coordination of both projects, Caltrans will take the lead on all phases of the HOV extension project. Cooperative Agreement 90.11.15 with Caltrans details the responsibilities of each party to deliver the project.</p>
<b>Recommendations</b>	Approve Cooperative Agreement No. 90.11.15, and authorize the Executive Director to make non-substantive changes to the Agreement.
<b>Financial Implications</b>	The Measure J Strategic Plan programs \$3 million for the project from the I-680 carpool lane gap closure/transit corridor improvements category. Funds advanced prior to April 1, 2009 will be charged against this category with interest in October 2009.
<b>Options</b>	The APC could decide not to approve Cooperative Agreement 90.11.15 at this time.

<b>Changes from Committee</b>	<i>None</i>

### Background

At the request of TRANSPAC, the Authority approved Amendment No. 1 to the 2007 Measure J Strategic Plan which programmed \$3 million to I-680 SB Carpool Lane Extension (Restripe) from Livorna Road to 0.9 mile north (Project 8002).

Through restriping, the project will extend the southbound HOV lane 0.9 mile northward from Livorna Road. The project will provide short term relief to carpoolers stuck in congested mixed flow lanes. To minimize cost, construction will be completed part of the I-680 Pavement Rehabilitation currently under design by Caltrans.

The overall I-680 Southbound Carpool Lane Gap Closure (Project 8001) will eventually close the gap between N. Main and Livorna through widening of the freeway.
