

SAN RAMON VALLEY BOULEVARD IMPROVEMENTS - PHASE 1

PROPONENT:
DANVILLE

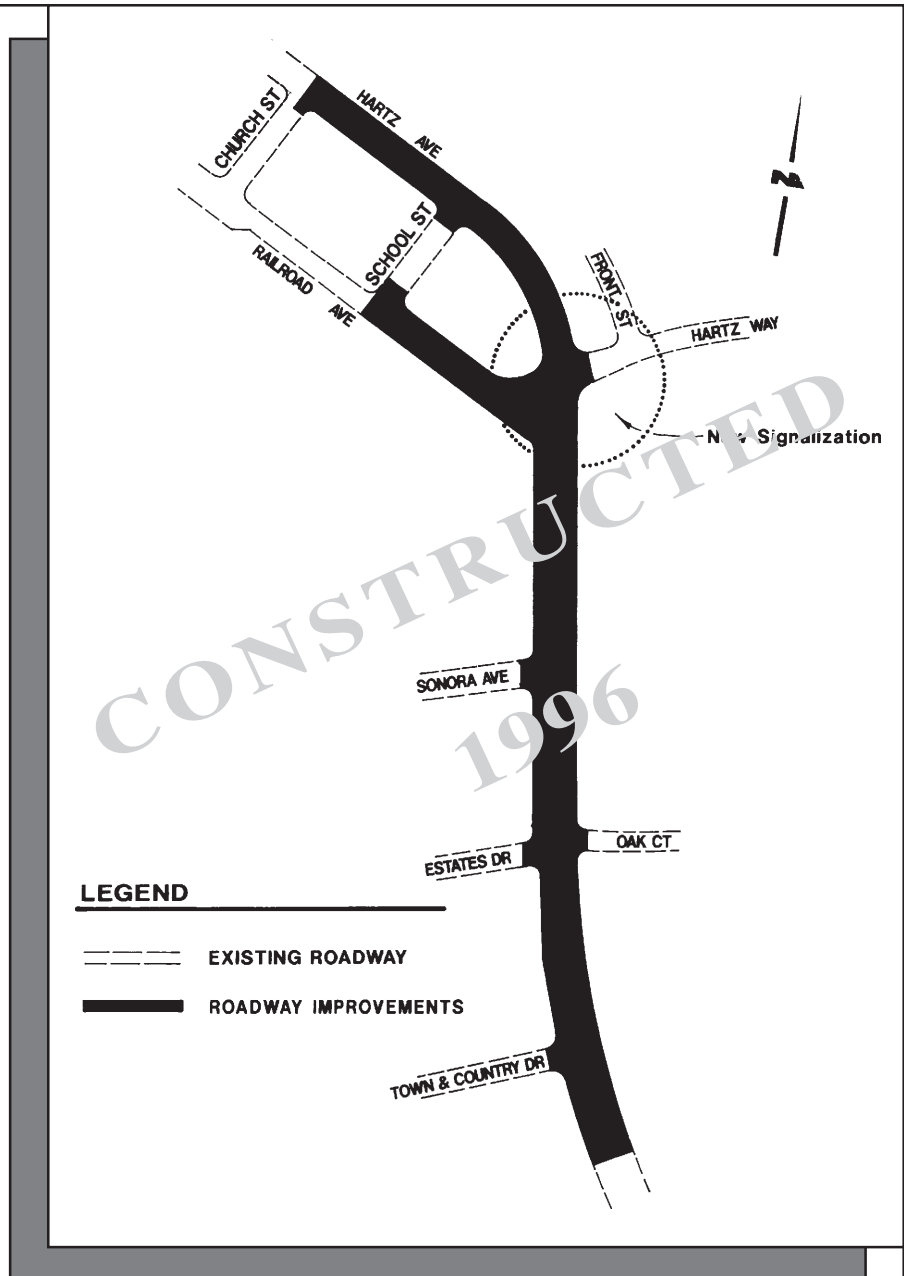

PROJECT NO:
1715

DESCRIPTION:

This project realigned and modified the signals at the intersection of San Ramon Valley Boulevard, Railroad Avenue, Hartz Avenue, and Hartz Way; provided signalization at the intersection of Hartz Way and Front Street; and widened San Ramon Valley Boulevard from Sonora Avenue to Town and Country Drive. The project also included raised median turn pockets, pavement replacement and overlays, restriping, and frontage improvements. The overall project provided four continuous lanes from the San Ramon Valley Boulevard/Railroad Avenue/Hartz Avenue/Hartz Way intersection south to Podva Road.

STATUS:

Construction completed in 1996.
