

Interstate 680/Norris Canyon Bus/Carpool On- and Off-Ramps

Project Number

8003

Project Sponsor

City of San Ramon

Project Type

Transit

Highway

Local Streets

Major Arterial

Bike/Pedestrian

Other

Project Scope

Construct dedicated High Occupancy Vehicle (HOV) on and off ramps at the intersection of Interstate 680 and Norris Canyon Road in both the northbound and southbound directions and reconstruct the Norris Canyon Road overcrossing in San Ramon.

Funding Sources (\$ in million)

Total	100.0
Measure J Transportation Sales Tax ¹	13.7
Other (TBD)	86.3

¹Measure J funds shown in escalated dollars. Actual commitment is in 2004 dollars as shown in Appendix A.

I-680/Norris Canyon Bus/Carpool On- and Off-Ramps (cont.)

Need/Purpose

The proposed HOV project aims to improve access for express bus service, carpools and vanpools. Express bus services will link to the regional transit network and adjoining HOV lanes. Dedicated HOV-only ramps also reduce traffic conflicts by reducing the amount of weaving by high occupancy vehicles entering or exiting the freeway.

Possible Segmentation

N/A

Issues

Project has substantial funding shortfall.

Current Status

Development of a Project Study Report (PSR) is expected to be completed by end of 2009.
