

EL CERRITO PLAZA BART STATION PARKING STRUCTURE

**PROPONENT:
EL CERRITO**

**PROJECT NO:
2301**

DESCRIPTION:

This project includes a new parking structure near the El Cerrito Plaza BART Station that will provide approximately 400 new parking spaces. The structure will be a joint development with a private entity that is constructing residential units. The City will enter into an agreement with the developer to assure access to 400 spaces for BART patrons in perpetuity. The Measure C funded spaces will be dedicated to BART patrons in the peak period, but available for non-BART users in the off peak periods.

STATUS:

Due to substantial neighborhood opposition, including opposition from the city of Albany and the Albany School District, the city of El Cerrito & WCCTAC agreed in March 2005 to reprogram Measure C funds to other projects in Contra Costa (2302 & 2303).
