

MT. DIABLO BOULEVARD CORRIDOR IMPROVEMENTS

STATUS:
Construction completed in Summer 2001.

PROPONENT:
LAFAYETTE

FUNDING SOURCES (\$ X 1000):	
Measure C (Esc.\$) ¹	<u>3,507.7</u>
TOTAL	\$ 3,507.7

PROJECT NO:
1611

DESCRIPTION:
This project added a third eastbound through lane to Mt. Diablo Boulevard between Oak Hill Road and Moraga Road. At the intersection of Mt. Diablo Boulevard and Moraga Road, a third southbound lane was added. To the south, Plaza Way and on-street parking were reconfigured to remove conflicting turn movements from this side street. To the east, Golden Gate Way was realigned to restore circulation and access and on-street parking to businesses on Plaza Way. The project included some landscape work that mitigated loss of existing landscaped medians and park area. Plaza park was rebuilt using local funds.

¹ Measure C funds shown in escalated dollars. Actual commitment is in 1988 dollars.
