

OPERATIONAL IMPROVEMENTS ON PARALLEL ARTERIALS

**PROPONENT:
CONCORD**

**PROJECT NO:
1222**

DESCRIPTION:

This project will improve traffic flow along the I-680/SR242 corridor in Central County by improving the efficiency of traffic operations on the parallel arterials in downtown Concord. Traffic signals in this corridor will be retimed on an area-wide basis, and CCTV cameras and fiber-optic interconnect cable will be installed throughout the corridor to improve real-time traffic monitoring, central communications, and system-wide incident management.

STATUS:

Design to start by January 2016. Construction completion and signal retiming are targeted for 2018.
