## DEFINITIONS OF DISABILITY

- **ADA** defines a person with a disability as
  - A person who has a physical or mental impairment that substantially limits one or more major life activity
  - People who have a record of such an impairment
  - Individuals regarded as having a disability
- **American Community Survey** asks questions regarding
  - Hearing or visual impairments, cognitive difficulties, difficulty walking or climbing stairs, difficulty dressing or bathing, and difficulty doing errands alone
- **World Health Organization**
  - A dynamic interaction between health conditions (diseases, disorders, injuries, traumas, etc.) and contextual factors, including environmental and personal attributes
- **SSA**
  - Medical conditions so severe that it prevents a person from completing substantial gainful activity
- **VA** defines a disability as
  - Average impairment in one's earning capacity as a result of disease or injury. VA rates disabilities from 0 to 100 percent.
