

2024 STIP Scoring Criteria: Transit/Intermodal Projects

Project Title: _____

Category I: Safety/System Productivity

Safety:

$$\frac{\text{Multiplier}}{\text{Table A}} \times \frac{\text{Impact Value}}{\text{Table B}} = \frac{\boxed{}}{\text{Total for Safety}}$$

System Productivity:

$$\frac{\text{Total for System Productivity}}{\text{Tables C}} = \frac{\boxed{}}{\text{Total for Productivity}}$$

Total (Safety/System Productivity)

$$\frac{\text{Total for Safety}}{\text{Total for Safety}} + \frac{\text{Total for Productivity}}{\text{Total for Productivity}} \times \frac{25}{40} = \frac{\boxed{}}{\text{Total for Category I}}$$

Maximum Points = 25

Category II: Congestion Relief

$$\frac{\text{Multiplier}}{\text{Table D}} \times \frac{\text{Impact Value}}{\text{Table E}} \times \frac{25}{30} = \frac{\boxed{}}{\text{Total for Category II}}$$

Maximum Points = 25

Category III: Strategic Expansion

$$\frac{\text{Multiplier}}{\text{Table F}} \times \frac{\text{Impact Value}}{\text{Table G}} \times \frac{15}{30} = \frac{\boxed{}}{\text{Total for Category III}}$$

Maximum Points = 15

Category IV: Helping Meet SB 375 Goals

Reduce GHG	<input type="text"/>	5 points max
Increase density around transit hubs	<input type="text"/>	5 points max
	<input type="text"/>	
	Total for Category IV	

Maximum Points = 10

Category V: Other Secured Funds (OSF)

- 5 points --if OSF greater than 50% of project total cost
- 3 points --if OSF between 25% & 50% of project total cost
- 1 point --if OSF less than 25% of project total cost

Other Secured Funds Points

Total for Category V

Maximum Points = 5

Category VI: Measure J Project

20 points if the project is a Measure J funded project

Measure J Project Points

Total for Category V

Maximum Points = 20

TOTAL POINTS FOR THIS PROJECT _____
